OTHER

Sunflower Garden Stencil Collection

INSTRUCTIONS

STEP 1:

Stencil the Sunflower Garden stencil onto white cardstock using Summer Sunrise, Terracotta Tile, Simply Chartreuse, True Black and brown inks. Die-cut the panel with the Handmade Quilt Cover Die. Trim slightly and adhere to an A2 panel of Terracotta Tile cardstock.

STEP 2:

Die-cut another panel of white cardstock with the largest die in the Love to Layer: Rectangles Die Set. Die-cut the Elegant Edges: Sunflower Die from the top of the panel. Trace around the center of the flower onto black and brown cardstock, trim with scissors and adhere to the back of the sunflower. Die-cut a piece of Harvest Gold cardstock using just the edge die in the Elegant Edges: Sunflower die set. Add some shading to the center of the sunflower with Terracotta Tile and Summer Sunrise inks, then adhere to the back of the sunflower and trim the excess from the edges. Die-cut the leaf portions from Simply Chartreuse cardstock and inlay the pieces into the sunflower die-cut. Adhere the panel to the background.

STEP 3:

Stamp the sentiment from the This Is Big Sentiments: Thankful stamp set onto the bottom of the small panel with Terracotta Tile ink.

INSTRUCTIONS

STEP 4:

Die-cut the pumpkins and sunflowers from Harvest Gold, Simply Chartreuse, Dark Chocolate and True Black cardstock. Add shading and details with Terracotta Tile, Summer Sunrise and Simply Chartreuse inks. Adhere all the pieces together and add to the front of the card.

STEP 5:

Stamp "thankful" from the This Is Big Sentiments: Thankful stamp set onto white cardstock with Terracotta Tile ink. Die-cut with the Coordinating Die, along with three more layers from white cardstock. Stack and adhere the layers together and add to the front of the card.
