Add selective color around the border using ink and blender brushes.

## **STEP 3:**

Spritz an A2 panel of white card stock using salvaged patina distress spray stain.

## **STEP 4:**

Glue the border piece over the top of the panel. Stamp all of the pieces you will need for your card.

## **STEP 5:**

Die cut an arch, give it some spray stain as well and stamp the sentiment on the bottom. Attach it to the floral border.

## **STEP 6:**

Add the entire panel to an A2 card base, arrange the flowers on the arch, and add a trio of sequins!
