PROJECT INSPIRATION

by
Bobbi Lemanski

INSTRUCTIONS

STEP 1:

To create this A7-sized card, cut the card base 10" wide X 7" tall from the Stamper's Select White cardstock, score down the middle and set it aside.

Die cut from Stamper's Select White cardstock, the zinnias, leaves, and centers.

Die cut the medium and small circular postage shapes from Hawaiian Shores, Aqua Mist, Hibiscus Burst, and Green Parakeet.

Stamp in True Black and die cut the "Celebrate" sentiment from Stamper's Select White cardstock.

STEP 2:

Glue the Circular Postage die cuts to the white card base, snipping away any sections that are beyond the card's edges. Place in a diagonal design.

STEP 3:

Use a blender brush to add color to the die cuts. Use Ranger Distress Oxide Inks in Mermaid Lagoon, Picked Raspberry, Squeezed Lemonade, and Twisted Citron. Assemble the zinnias. Use a foam dot between the back and petal layers to make them stand out.

INSTRUCTIONS

STEP 4:

Attach the zinnias to the card front. Use a yellow marker like Copic Y19 to add little dots to the flowers' centers, including the white flowers of the little halos, the top layer of the zinnias.

Attach the "Celebrate" sentiment on the diagonal. Add gem stickers around the flowers to complete the card.
