INSTRUCTIONS

STEP 1:

Use the Ornate Swirls Hot Foil Plate to create the background on a 4" x 5 1/2" piece of Aqua Mist card stock.

STEP 2:

Hot foil the different designs onto white card stock using champagne foil. Die cut the eggs. Add some ink blending using blending brushes and ink. I also die cut the foliage and added ink in the same way. Die cut the basket from white card stock and weave it together.

STEP 3:

Die cut and color the flowers. I used a mustard colored marker to color in the centers of the really tiny flowers.

STEP 4:

Attach the basket to the foiled panel using mini foam squares. Add the bow to the top using additional foam squares.

STEP 5:

Arrange the eggs, flowers, and greenery until you are satisfied with the arrangement.

INSTRUCTIONS

STEP 6:

Add the entire panel to a top folding card base using foam squares. Add some glitter and the heat embossed sentiment. I did include a sentiment on the inside from the same stamp set to finish it off.
